Terry Landry, V.P.:

Next months meeting will be at the Swamp Life Expo in Rosedale.

Skill topic will be helping children build wooden bird houses.

Lowe's has donated 50 - 1" x 8" x 8" pine boards. Each board will

make 2 bird houses. **Currently there are 30 boards still available.**

Call Matt to schedule pickup of boards at the Lowe's on Siegen Lane.

Some members that signed up to build bird houses may not be able to keep

their commitment because of the recent flooding. The club is asking the

members that are able, to please increase the number of bird house that they

are building so that we can meet the target number of bird house and consume
all of the lumber that Lowe's donated.

Swamp Life Expo will run from 9:00 a.m. until 3:00 p.m.

Club will begin setting up exhibit at 8:00. Club members are encouraged to bring
any item that they think would be of interest. Remember that most club members
will be building bird houses and will not be available to help explain or
demonstrate your items.

Lee Owens, Service Projects:

In the midst of our Headboard project for the Iris Battered Women's Shelter.

Timing has been set back because of flooding. Materials will be dispersed at end
of meeting. We are responsible for installation (mounting to wall). For single
beds, need to put the base of the head board 19" above the floor.

Safety Topic: Electrical receptacles - to ensure proper connection wires should
wrapped around the screws, not back wired (wires pushed into slots on the
back side of receptacles). Back wiring is not a secure connection and
can cause arcing.

Skill Topic : Using a shaving horse, drawknife and spokeshaves.
