Webmaster Report – Kesh Ikuma

If you have topics you want to post please send them to me. Results of the poll were reviewed.

Vice President Report – Jim Landry

Next month's meeting is at St. Joseph's Abbey on the 2nd Saturday of the month, July 13. The meeting will begin at the same time, we're going to have a business session and want to try to limit it to about 30 minutes in length. The tour will be about 50 minutes with a 15 minute closing. This will give us an ending about 10:45. Their gift shop closes at 11:00 am so we won't have a lot of time to browse. Show and Tell will be done at the August meeting. The bus will pick us up at Juban Crossing. It will leave at 7:30 sharp. Please be at the pickup point by 7:15 AM. We should be back about 12:45 pm. We'll be right across from Walk On's restaurant so we can have lunch there if you wish. We'll have drinks and snacks on the bus. 31 people are signed up and paid up as of today. Please pay Brian today if you haven't and you want to go.

Service Projects Report – Lee Owens

50 footlockers for O'Brien House are all made. One set is yet to be delivered. The Lighthouse desk is done. We have a few minor items to take care of and then we'll send them a bill. Brian Fitzgerald and George Lewis did the installation. We have 2 projects proposed to Lighthouse. A

circular Receptionist's Desk and computer shelves. We've yet to hear if they are approved. We declined to build a sound booth for a client because it was not in the scope of the club's area of expertise.

Educational Outreach Report – Mark Monistere

Next week we have the Rural Life Museum working with kids building tool totes. West Baton Rouge Museum Summer Camp is the week of the 17th. Charlie's Place building birdhouses is the last of this month. People are signed up for all of these.

Safety Minute – No Safety Minute this month.

NEW Business:

Warren Dufrene do you have a report on the Birdhouse Lumber? Warren- nothing firm as yet. Harold Choate will call Holmes Building Materials for a price on the lumber this week and advise Warren. Bob- Let's get this resolved this month. If we have got anything firm we'll just buy the lumber ourselves to do the kits. You can get 2 kits from an 8 foot 1" x 8" board.

Bob- I've touched base with Shawn Walker and Kesh this week. They have made good progress with the data base for our membership tracking. We're getting real close to being able to track individual members activity from what I saw.

I wanted to remind everyone that when you do a Skill Topic you receive your choice of a club cap or Tee shirt.

Skill Topic: Harold Choate- Marking and Measuring
